To Whom It May Concern,

I am writing today to express my strong support of Preshona Ghose. Preshona served as an After-School Team Member, Tutor and Lead Instructor during our Extended Learning Enrichment Program at Georgetown Day School, where I served as her supervisor and Director of After-School Programming for the years of 2013-2017, before transitioning to pursue my Master's in Special Education.

Preshona consistently took initiative in facilitating engaging and intentional program activities while always maintaining a positive approach and professional demeanor when engaging with youth or fellow staff. Preshona is a self-starter, and she understands the importance of working as a team. As a teacher and Team Member, Preshona was responsible for the safety and well being of each youth in her care. She supervised both Middle School and Lower School students and led innovative Math and Science Classes that promote teamwork, creativity and critical thinking.

Preshona also has a wonderful ability to build a positive rapport with students, staff and parents. She has also demonstrated an ability to connect with youth of all ages. Preshona is able and willing to act promptly and independently and extremely flexible as she often performed tasks outside of her normal duties.

Lastly, Preshona's empathy and respect towards youth is remarkable. The students gravitate to her and she responds with the highest level of genuine patience, respect and compassion. I believe that it is this innate talent and her passion for youth development that makes Preshona truly exceptional.

Please do not hesitate to contact me if you have any additional questions.

Sincerely,

Greg Henderson
